Dear Chief:

Thank you for agreeing to be a member of the round-table discussion on schools during Pioneer Days 1982. I am very pleased. No, you will not have to prepare any stated subject. None of us on the panel, in fact, will have to. We will simply get together and have a conversation on schools. I will make a few remarks to get the ball rolling, and we'll take it in whatever direction it goes, as long as we stay on the school track.

Given the fact that the round-table discussion of schools will take place during the week following the Griswold Reunion, perhaps Gertrude will be in town for all or part of the week of Pioneer Days and will be willing to serve on the same panel. I'll write her and ask her if she thinks she will be able to join the round-table discussion.

Enclosed are eight enclosures about Griswolds, Curtises, and so on, namely:

1. Larry Downey's letter to you of Feb. 16, 1982, that you allowed me to borrow and read;
2. "Clinton settlers are subject of quarterly," THE FOREST CITY NEWS (Volume 94, Number 51, November 26, 1981, p. 5);
3. "Hot Shots & Coffee Pots" by Marie Allen Curtis, from The Pennsylvania Farmer, February 13, 1982, pages 60-61;
4. "50 attend maple tour," The Wayne Independent, April 1982;
5. "Jeffrey Treat is candidate for GOP State Committeeman," The Wayne Independent, Volume 105, Number 27, April 10, 1982, p.1;
